Fax No.: (972) 850-4149

November 3, 2020

Mr. Byron Hudson
Corrosion Materials Inc.
2262 Groom Road
Baker, LA 70714

Dear Mr. Hudson:

It is my pleasure to inform you that your worksite has qualified for an exemption from programmed OSHA inspections by virtue of your participation in the Safety and Health Achievement Recognition Program (SHARP). The enclosed certificate is presented in recognition of your successful completion of all requirements of this program, including the correction of all hazards identified during your onsite consultation survey and instituting an effective safety and health program.

While the certificate must be posted prominently next to the OSHA poster for the duration of the exemption period, please understand that this exemption does not preclude an OSHA compliance officer from visiting your premises to investigate formal complaints, fatalities, major incidents, referrals, or follow-ups on previously cited violations.

Principal Deputy Assistant Secretary Loren Sweatt has asked me to emphasize to you her conviction that worker safety and health carries with it the requirement of continued vigilance. She and I encourage you to continue your concern and action in safety and health, and to call on this office or the State Consultation Office at any time for whatever question you may have or assistance you may need.

This is to advise you that I have informed the appropriate Area Director to remove your worksite from the Programmed Inspection Schedule for one year from the date on your "Certificate of Recognition."

Sincerely,

Eric S. Harbin
Eric S. Harbin
Regional Administrator

Enclosure

cc: Roderic Chube, Area Director, Baton Rouge Area Office
